

Using Your Shared eLockers

Open a Shared eLocker

A shared eLocker is an eLocker that a whole class or group can access. You may have access to a number of shared eLockers. There may even be a drop-box in some of your Shared eLockers for you to use to submit your work.

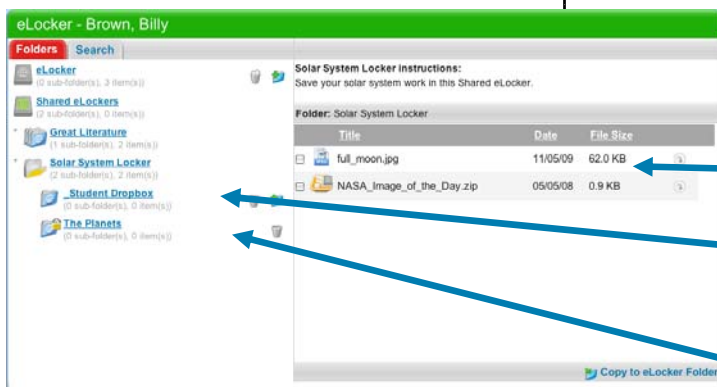

1 Click 

Your Shared eLockers are listed under the **Shared eLockers** heading.

2 Click the Shared eLocker that you want to open.

The Shared eLocker files and folders appear.

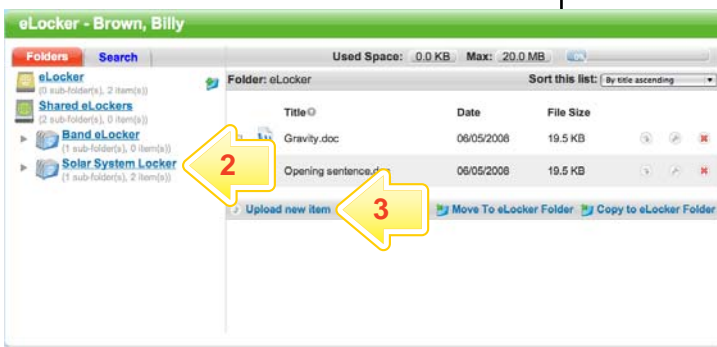

- The Shared eLocker files
- Your Shared eLocker dropbox
- The Shared eLocker folders
